# Family Time Activities

With no school for the upcoming future, here are activities that everyone can do at home in your backyard or at the Outdoor Education Center (1349 Mecklenburg Road).

Here are 8 different animal tracks and your job is to try to find 5 out of 8 tracks, take a photo of the track, and share where you found the track (i.e. in your back yard, at the OEC, or at one of our State Parks). Good Luck and have FUN!
